

Aircraft Maintenance Access Solutions

Versatile mobile engineering and maintenance access stairs, purpose designed to suit individual customer requirements, providing superior flexibility for multiple tasks.

- Wide variety of options available from 500mm fixed height steps to 8m variable height access platforms.
- Bespoke designs to provide high flexibility for multiple tasks.
- Lightweight design to ensure ease of accurate positioning at the aircraft.
- Compact to ensure minimum operational and storage footprint.
- Outstanding stability to promote user confidence when carrying out tasks at high levels.
- Fixed or variable height options available.
- Multiple options of running gear, purpose selected to satisfy operational requirements.
- Corrosion resistant materials, suitable for use both inside the hangar or outside on the apron.
- Special care and attention to health and safety requirements including working at height.

Passenger Stairs

Belt Loaders
Cargo & Freight Vehicles
Toilet & Water Trucks
Aircraft Loaders
Fuel Tank Repair Trolleys
Heater Trolley
Air Conditioning Trolley
Maintenance Docks & Stagings
Special Projects

Remember, each piece of equipment is maintained via our through-life support and training services – wherever you are in the world, 365 days of the year.
